Subject: Deficient Notice of Intention to Commence Small Mining Operations, Peck Rock and Products, LLC., Peck Rock Powell Mine, S/049/0074, Utah County, Utah

Dear Mr. Peck:

The Division of Oil, Gas and Mining has reviewed the referenced Notice of Intention to Commence Small Mining Operations (NOI), and the following items will need to be addressed before the NOI can be determined complete:

1. Please identify the surface and mineral ownership. If this is a government agency such as the BLM or SITLA, please provide the appropriate lease or claim numbers for the respective agency.
2. Please provide proof that this area is covered by your landfill permit with DEQ. Otherwise you will need to provide a reclamation surety and reclamation contract for this site. From the maps provided, it appears that 2.4 acres of the project are outside your current landfill permit and need to be bonded. The bonding for this acreage, using the Division's average cost per acre is \$16,300. Please contact the Division's bonding coordinator (Penny Berry) at 801-538-5291 for forms and assistance with the reclamation surety and reclamation contract.

Please provide your response as replacement pages to your original NOI, using Form MR-REV-SMO/EXP, available on the Division's web site at www.ogm.utah.gov.

If you have any questions regarding this letter, please call me at 801-538-5261 or Lynn Kunzler at 801-538-5310. In reply, please refer to file number S/049/0074. Thank you for your cooperation.

Sincerely,

Paul B. Baker
Minerals Program Manager
